5. For any clarification, please write to: askgreenhub@gmail.com

North East Network (NEN): North East Network (NEN) is a women's rights organization established in 1995. NEN works in the north eastern region of India (NER) with offices in Assam, Meghalaya, and Nagaland, with its Assam office as headquarter. In the NER, the lives of people are entwined deeply with the environment, with community forests and land, enabling collection of non timber forest produce (NTFP), wood and wild plants, and agriculture. Women are important players in natural resource management being farmers, as well as, sellers. Natural resource management is an area where NEN has extended its work, seeing women and youth as key to conservation and preservation of traditional practices. This was initiated in partnership with Dusty Foot Productions.

Dusty Foot Foundation (DFF): Dusty Foot Foundation (DFF), a not for profit organization registered under section 8 of Indian Companies Act, 2013, is the youth and community outreach initiative of Dusty Foot Productions (DFP) - a media and communications production house based in New Delhi. Dusty Foot Foundation works to leverage the power of youth in conservation action and social change through the use of digital technology and education; scaling up through inter-disciplinary and inter-sectoral collaborations and effective networks of government, civil society and community partnerships. The aim is to help youth connect with their roots – preserve their natural resources, traditional knowledge and sustainable practices, and integrate digital communication to build skills, generate aspirational livelihoods, strengthen enterprise and local economy for an ecologically secure and sustainable future.
